**NVESD NOMINATED FOR 33<sup>RD</sup> ANNUAL SECRETARY OF THE ARMY ENERGY  
AND WATER MANAGEMENT AWARD**

FT BELVOIR, VA, JANUARY 23, 2004: Night Vision Electronic Sensor Directorate at Ft Belvoir has been nominated for the 33<sup>rd</sup> Annual Secretary of the Army Energy and Water Management Award in the Energy Efficiency/Energy Management category. The project team leaders are being recognized for their energy saving project using AtmosAir bi-polar ionization to justify a reduction of outside air in a facility. The project produced a 23% energy reduction in the operation of the HVAC system.
